NEPHEW OF RESIDENT

I don't get chance to visit very often but when I do it is always pleasant. The staff here are all very kind and attentive. It is nice to see the activities they get up to and brilliant that residents have the opportunity to go on trips after staying inside during covid for so long. I must say the meals always look great too.

FRIEND OF RESIDENT

I've not seen my friend for some time, due to covid, but I managed to visit just after Christmas. I was made to feel very welcome by the staff. My friend loves the home, enjoys her food and loves all of the staff. She said they are all so friendly. The home is very clean, we went to her room, and I noticed that it was very clean, and smelt clean. My friend also enjoys the activities they provide, she says she doesn't want to join in all activities but enjoys watching.

Your Health

The prime objective of our home is to promote and foster health and well-being.
